

AFFIDAVIT OF THE CUSTODIAN OF RECORDS

STATE OF NEW MEXICO)
) ss.
COUNTY OF SANTA FE)

BEFORE ME, the undersigned authority, personally appeared Andrea Sundberg, who, being duly sworn, deposed as follows:

My name is Andrea Sundberg. I am of sound mind and capable of making this Affidavit. I have personal knowledge of the facts stated in this Affidavit, and they are true and correct.

I am the Medical Cannabis Program Coordinator, and in that position, I function as a lawful custodian of the records of the Medical Cannabis Program of the New Mexico Department of Health, an Executive agency of the New Mexico State Government.

Attached to this Affidavit are five pages of materials from the records of the Medical Cannabis Program pertaining to patient applications certified by Dr. Carola Kieve. These records are kept by the Medical Cannabis Program in the regular course of business, and it was the regular course of business of the Medical Cannabis Program for an employee or representative of the Medical Cannabis Program to (with knowledge of the act, event, condition, opinion, or diagnosis recorded) record or to transmit information thereof to be included in the record; and the record was made at or near the time or reasonably thereafter. The application records of the Medical Cannabis Program are regularly maintained in electronic format; and the information attached to this Affidavit consists of exact duplicates of information stored in those electronic records, except that patient identifying information (consisting of the patient i.d. number and name of each patient) has been redacted in order to comply with Federal HIPAA regulations regarding the confidentiality of protected health information, and also the Lynn and Erin Compassionate Use Act at NMSA 1978, § 26-2B-7(G).

The attached document identifies all applications certified by Dr. Carola Kieve since the inception of the program, and the status of each patient application. This document indicates that Dr. Kieve has acted as a certifying medical practitioner for one-hundred-and-twenty-two (122) patient applications submitted to the New Mexico Medical Cannabis Program and that of those applications, one-hundred-and-seventeen (117) applications were approved (72 applications were submitted by patients who are currently enrolled, and 45 were submitted by patients who have since allowed their enrollment to lapse); two (2) applications are pending the receipt of more information; and three (3) applications expired due to the applicant's failure to complete their applications within six months.
